PETITION UNDER 37 CFR 1.181 TO WITHDRAW A HOLDING OF ABANDONMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

RECEIVED
JUN 15 2004
TC 1700

Dear Sir:

This is a petition to withdraw the holding of abandonment of the above-identified application which holding is dated May 3, 2004.

FACTS:

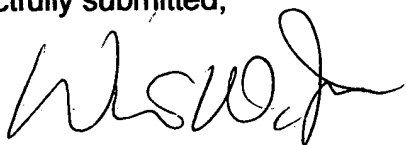

- 1) On May 3, 2004, a Notice of Abandonment of the above-identified application was mailed to the undersigned. A copy of that notice is enclosed herewith. The grounds for alleging abandonment of the subject patent application is a failure by applicants to timely file a proper reply to an Office letter mailed to the undersigned on October 14, 2003.
- 2) The undersigned never received any correspondence from the Office bearing an October 14, 2003 mailing date. A declaration from the undersigned attesting to that fact is enclosed herewith.
- 3) Other than the notice of Abandonment, the only other papers received from the Office relating to the captioned patent application are: a) a filing receipt (copy enclosed); b) a notice of publication of the application (copy enclosed); and a notice of recordation of the assignment of the application (copy enclosed). None of the aforesaid three documents are dated October 14, 2003, and none of them require any response from applicants.

REMARKS

The failure to respond to a letter from the Office which was dated October 14, 2003 relating to the above-identified application was unavoidable due to the fact that the undersigned never received the letter in question.

In view of the above, Applicants respectfully request that this petition be granted and that the holding of abandonment be withdrawn, so that prosecution of this application can proceed without undue delay. It is not believed that any fees are due in connection with this petition.

Respectfully submitted,

William W. Jones

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
